The second annual Homecoming at Frankfort which started last Thursday evening came to a successful conclusion Sunday night, following the biggest day of the entire celebration. It is conservatively estimated that about 8,000 people were present at the Sunday afternoon festivities, which were favored by delightful autumn weather.

The Joliet Township Championship High school band won widespread admiration. People were loud in their praise of it, and thought it marvelous that they would come to Frankfort. Their concert Sunday evening was greatly enjoyed by all who heard it, and attracted many people to the festival in its closing hours. It was unfortunate that the band had to play under the handicap of inadequate lighting, but the music they rendered seemed to be under no handicap at all. The boys came to Frankfort in three buses. Homecoming committee workers served a luncheon to them in the afternoon following the parade, in the village hall.

The rather cool weather which prevailed during the two previous days of the Homecoming failed to dampen the spirits of the celebrants, who turned out in fairly good crowds each evening.

During the Homecoming a Legion memorial marker was erected at the village hall in honor of those from Frankfort who had made the supreme sacrifice in World War 1 and 2. The band stopped at this marker while in the parade, at which time the dedication ceremony took place.

Highlighting the Homecoming was the big parade held Sunday afternoon, which proved to be one of the most colorful parades ever held in the village. It included many cleverly designed floats and marching units. Among the marching units was the Joliet Township Championship High School band, which received an ovation from the crowds which banked the streets along the line of march.

Those to receive prizes for floats were Peotone 4H club, Daum's Store of Peotone, and the Mokena Five-Point Amvets Post. There was only one horse-drawn vehicle in the parade, Bauman's, which won a prize.

Sunday afternoon the village men of Frankfort defended their tug-of-war title against brawny neighbors drawn from nearby farms. A great crowd surrounded the contestants. Laurels went to the village men, who as winners, were challenged to pit their strength against the Wilton Center tug-of-war team in the evening. This second match brought further laurels to the village men of Frankfort.

On the Frankfort winning team were these stalwarts, all weighing in at 200 lbs. or better, Frank and Vic Eisenbrandt, Bob Smith, Walt Cheney, Reuben Burns, Franklin Christiansen, Henry Schwiesow, Glen Warning, Bill Batson and Orville Schinkowski.

On the farm tug-of-war team were these huskies: Richard Barnes, Vernon Hansen, Roy Temes, Lloyd Heisner, Howard Marti, Alvin Sippel, Orval Yunker, James York, Norval Strassburg, and Bob Beutel.

After the afternoon session of the tug-of-war, Donald "Red" Blanchard of WLS Barn dance fame delighted the crowds with his funny stories and quick wit and he again entertained Sunday evening.

Awards made during the Homecoming were as follows: Bag of groceries donated by Mark grocery, awarded to Otto Reuter, Joliet. (Continued to back page)

Frankfort Lions Open Fall Season

The Frankfort Lions Club opened its 1952-1953 season with the September 16th meeting. The following are the officers for the year: president, Burton Breidert; 1st vice president, Walter Haas; 2nd vice president, Robert Fredin; 3rd vice president, Ted Massey; secretary, Con Wieringa; treasurer, Al Hochberger; financial secretary, Paul Lambrecht; directors, George Tate, L. C. Cummings, Conrad Mark, Dr. Moser; Lion tamer, Spencer Samuels; and Tail twister, Robert Smith.

After guests, Harold Lehnart and J. Schean, were introduced and the club's thanks were given to Rev. Bizer, C. Mark, C. Wieringa, and L. C. Cummings for the movie programs given during the summer months, to W. Morrison and Orval Schroeder for their work with the Small Fry Team, and to H. Lambrecht for his work with the pop stand, the balance of the meeting was devoted to deciding the projects to be undertaken during the year.

The local Boy Scout troop and Small Fry team will continue to be sponsored by the Lions. Continued financial support for the Community chest, Park project, Cancer fund, Heart disease, Red Cross and March of Dimes was budgeted.

Another project voted was the improvement by grading, filling, and landscaping of the property lying between the Michigan Central tracks and Kansas street. Funds were allocated for this purpose.

The Sam Campbell show "Scrap Book for the Northwest" which, through the kindness of the Chicago and North Western Railway Co., is being brought to Frankfort by the Lions to be presented at 8 p.m. Friday, October 31 in the Frankfort school, was completely arranged. Committees were appointed and tickets for sale were given to each member.

Full support was voted to the Frankfort Homecoming and individual members volunteered services.

The entertainment programs for the year will be the direct responsibilities of the serving committees with the coordinating help of the program committee.

The entertainment for this meeting was under the chairmanship of C. Wieringa. A. Hochberger read the "Bill of Rights and the movie "A Man, A Gun, A Dog" was shown.

The spirit shown in the first two directors meetings was such as to indicate progress was going to be made this year. The feeling may be catching.

Meetings will continue, as in the past, to be held the third Tuesday evening of each month, in the village hall.

Dem. Machine Busy Collecting State Employee Slush Fund

Morton H. Hollingsworth chairman of the Republican State Central Committee, revealed last week that the Democratic state political machine is collecting a huge campaign slush fund from state employees.

The assessment, which amounts to two percent of their last year's salary, is being assessed against all employees under the jurisdiction of the governor, regardless of their civil service standing, Hollingsworth charged.

Hollingsworth said the assessment is in addition to previous campaign fund collections and is in addition to the regular two percent many state employees have been paying into the campaign coffers of their respective county organizations.

The latest story from the governor's office is that the Stevenson political gang has put to work a crew of investigators with orders to use any means to try to push the origin of the horsemeat scandal back into the Green administration. In commenting on this maneuver, Hollingsworth said, "don't be surprised if the Democrats come up with another phony accusation and claim that Stevenson inherited the horsemeat scandal."

Fire at Kolar Home: Friends Re-Roof

Fire of undetermined origin badly damaged the upper story of the Walter Kolar home on East Seventh street, Homer twp. Wednesday afternoon about 5 o'clock. The Kolar family were away from home at the time, but a neighbor, Gordon Boyce called the Lockport fire department when he saw smoke issuing from the roof of the house.

Due to the quick and efficient efforts of the firemen that the entire home escaped destruction. The south wall, part of the roof and the furniture in one bedroom were damaged while smoke filtered across the hall and blackened the paint and paper in another room.

Chief Clark of the fire department estimated the loss at approximately \$1400, which was covered by insurance.

A large crowd quickly gathered at the home and when Mrs. Kolar arrived from her parents' home near Lemont where she had gone to help her mother, Mrs. Ezra Eichelberger, feed silo fillers, she found all of her furniture and household equipment in the door yard where neighbors had moved it in case the fire spread to the rest of the house.

The family is very grateful to the fire boys and neighbors for saving them from further loss.

Relatives and friends gathered at the Kolar home Sunday and re-roofed the house.

DHIA Members On National Honor Roll

Several DHIA cooperating dairymen in Association No. 1 and 2, tested by Frederick Holm and Chris Madson, respectively, recently received diplomas because their herds averaged 400 or more of butterfat during the association year ending March 31 1952.

In the building of good herds,

the dairymen have demonstrated to others the importance of good feeding, close culling, and a planned breeding program, and careful management.

In Association No. 1 tested by Holm, owners of herds producing 400 or more pounds of butterfat, and the average pounds of butterfat produced were: George Beutel and Sons, Mokena, 492; Louis Laufer and Son, Mokena, 465; Walnut Grove Farm, Tinley Park, 446; I. A. Ruder, Monee, 425; Walter Laufer, Tinley Park, 421; Mall Tool Company Farm, Crete, 408; William Bernard and Sons, Mokena, 406; Herbert Kohl, Matteson, 404; Raymond Sippel, Mokena, 403.

These diplomas are provided by the American Guernsey Cattle club, the American Jersey Cattle club, the Ayrshire Breeders association, the Brown Swiss Cattle Breeders association, and the Holstein-Friesian Association of America.

Freedom of Press?

National Newspaper Week is rolling around again. This year it will be celebrated during the week of October 1 to 8.

The idea for such a week was born in 1939 at a meeting of the Newspaper Association Managers, Inc. It was first observed officially in 1940.

Seldom in history has a free press been so important as today; seldom in history has a more concerted attack been made against the freedom of the press. And as Frank Tripp, chairman of the board of the Gannett Newspapers, recently said, "An independent, control-free press is about all that stands between complete government domination of American life and the God-given rights of the people."

Thomas Jefferson said, "Our liberty depends on freedom of the press and that cannot be limited without being lost." Yet some efforts have been made during the past few years to limit freedom of the press right here in America.

The influence of the country weekly has been of the greatest importance in the development of our country. "Country weeklies exert an influence far out of proportion to their size," says R. B. White, president of the Baltimore & Ohio Railroad.

To all who smugly believe that freedom of the press cannot be wiped out here, it should be called that the Constitutions of Indo-China, Mexico, Colombia, and Argentina and even Russia guarantee freedom of the press, too. It can happen here, and it does occasionally happen in isolated instances.

For example, only a few months ago in St. Francisco a federal judge ordered a grand jury to investigate the Call-Bulletin on a charge that newspaper had obstructed justice by its series of articles on income frauds and a land development scheme involving another federal judge. It happened in Atlanta, Ga., because a newspaper dared to tell the truth about traffic cases.

Delinquent Real Estate Tax List

Said taxes are for the levy year of 1951, payable in the year 1952 and all forfeited tax subsequent to the year 1949.

Abbreviations used are as follows: BT for Back Tax. Where Back Tax is delinquent as indicated, the figure in parenthesis () indicates the starting year of the delinquency as indicated on the Collector's Books.

From where I sit... by Joe Marsh

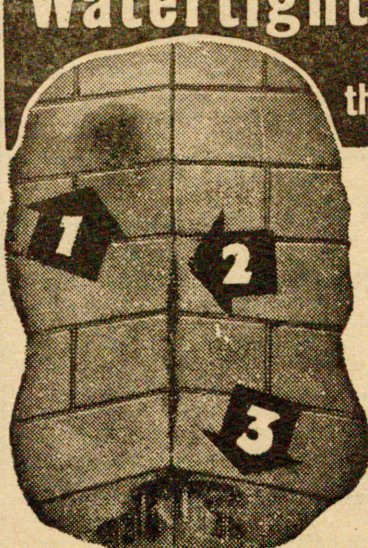

No Longer Two Sides to This Question!
Ever seen those two-family houses they have in some places — with separate front doors and porches — side by side? My sister owns half of one and lives in it, near Philadelphia.
Nice little frame home. Only Sis painted her half brown and the other family always painted theirs green. Ruined the effect — but for years neither family ever thought of suggesting that they both decide on a common shade.
Now Sis writes that their two-toned home is no longer. "I mentioned we were going to repaint," she says. "And they said let's get a color we all like. So we did. A nice shade of gray for both sides."
From where I sit, so often when there's a difference of opinion it's best to sit right down and work things out (like when our volunteer firemen decided to serve both lemonade and beer at their annual picnic last month). Don't let prejudices "color" your opinion of your neighbor. He'll probably be quite as open-minded as you are.

Trinity's building committee composed Messrs. H. Steinbach, chairman; E. Rydberg, W. Ruthenbeck; K. E. Brown, R. Stellwagen, J. Johnson and H. Kuse. Present officers of the congregation are: Messrs. D. Wennlund, president; H. Benck, vice president; C. Bowman, financial secretary; G. H. Ruhle, secretary; G. Wood, treasurer. Elders: Messrs. H. Benck, R. Leach, C. Reiser and W. Haas. Trustees: E. Rydberg, chairman; W. Ruthenbeck and A. Bruns. The superintendent of the Sunday school is Alfred Mitchell assisted by Mr. D. Bruns.

Originally a fur-trading center New Lenox was known for some time as the Hickory Creek settlement. Its present name, adopted in 1832, was suggested by one of the settlers who moved here from Lenox, Mass. In May, 1850, the Rev. Anton Weyel who was pastor for a short time of Zion Congregation, later changed to Trinity congregation at Crete, came to this territory and founded a Lutheran congregation a few miles east of New Lenox, between Mokena and Frankfort. In 1915 this congregation moved its church into the village of Mokena, about three miles to the northwest.

In the fall of 1931 the Rev. Paul Schauer, pastor of Immanuel congregation in Mokena, began to conduct worship services in the Grace Episcopal church, New Lenox, and mission activities continued until 1933. After the work discontinued for a number of years, the Rev. W. J. Geffert, who succeeded the Rev. Paul Schauer, again began mission work in New Lenox in 1940. He conducted the first service on March 10 in the gymnasium of the public school. A Sunday school with an enrollment of fifteen pupils was established on the twentieth of the same month. The following September a congregation was organized by nine men and named Trinity. In February, 1942, plans for the erection of a basement church were completed, and on June 28 the cornerstone was laid. The first service was held on Christmas Eve, 1942, and the dedication followed on January 31, 1943. Stone blocks measuring twelve to sixteen inches and eight feet in length, were cut to desired shapes and sizes by Ernst Rydberg who devoted evening hours of several months to this task. The excavation, as well as the grading, carpentry work, painting etc., was done by members, often assisted by Pastor Geffert. Neighbors, although not members of the congregation, gave ready assistance whenever it became necessary to keep ahead of the contractor. Messrs. L. Brown and E. Rydberg made an altar of plywood donated by the New Lenox Lumber company.

In May, 1943, Pastor Geffert accepted a call to Kingfisher, Okla. On July 18 Candidate James G. Manz, graduate of Concordia seminary, St. Louis, was ordained and installed as Trinity's first resident pastor. He served the congregation until December, 1946, when he accepted a call as assistant pastor at Grace church in River Forest. His successor, the Rev. L. Reinke of Shawnee, Okla., was installed on May 5, 1946.

It became apparent in 1948 that the original basement chapel was too small and the congregation determined to extend the basement church. Thirty feet were added to the original church. Again the unskilled labor was done by members of the congregation in the evening hours. After a year the work was completed and on April 24, 1949 the enlarged and improved church building was dedicated. Two years later on March 20, 1951, the congregation took another important step when the decision was reached to complete the church edifice with the superstructure. The work on construction was begun in August of 1951 and completed a year later.

To Trinity's completed church many memorials and gifts have been given by members and friends of the congregation.
